As a guides office, Valle Maira Info Box allows you to choose between a mountain and an excursionist guide, depending on what you are up to: a ski or snow rackets tour, mountaineering or something more relaxing and easier etc...

### **Excursion of the day...**

Every day in Maira Valley hikers wake up, having the possibility of going on an excursion although, very often, they do not know where and, most of all, whom with...!

If you ask the manager of your hotel, or me directly, you will be provided with the several different proposals for the day. We arrange guided group excursions (minimum of 4 people) at a really appealing price. You only have to let us know by 8pm of the day before your day out.

And... in case offers are not satisfying? No problem! We will always look for the most appropriate solution for our guests.

Have you left behind some items of your equipment or clothing?

Visit us and either you will find it at our shop or we will order it for you and will get it quickly!
